Tarner is a private building and not for public use. There is a sign that highlights this which is displayed on the outside of the building.

The adult and child toilets located in the building are not for public use and under no circumstances must staff allow a member of the public to use the toilets.

Please remember to be very attentive and aware when a member of public asks to use the toilet with regards to the children and young people and their safety and wellbeing.

If a member of public refuses to leave the building it is deemed as trespassing, and you must refer to our 'Emergency Procedure and Policy'.

Our priority is the children and young people in our care and their safety must not be jeopardised in any way.

It is the responsibility of staff to check the toilets on a regular basis. This is to ensure they are safe and hygienic.
